PAPER FIBER BEDDING

Paper Fiber Bedding

Clean care for your cows - naturally.

Paper Fiber Bedding is an excellent alternative for animal bedding and can be used in manure bulking and composting. Paper Fiber Bedding is extremely absorbent, easy to handle, cost effective and consistently available.

Spent Paper Fiber Bedding is ideal for use on fields or as a soil amendment. Excellent from start to finish!

BENEFITS OF USING PAPER FIBER BEDDING

- Ideal use for animal bedding, manure bulking and composting
- Appropriate for bedding dry cows, heifers, beef cattle, sheep, pigs & goats
- Similar to green sawdust with an average 35% total solids and high in organic matter
- Cost effective option to bed stalls or bedding packs
- Extend sawdust or other bedding by blending 1:1 with Paper Fiber Bedding

PAPER FIBER BEDDING IS AVAILABLE IN BULK BY THE TRUCK-LOAD.

Your Partner from Start to Finish
